

Hello everyone!

So far folks in Colorado have received **\$10,572** for this year's milk container.  
THANK YOU!

We would like to push this number over **\$30,000**, which is what you gave in 2008.  
That gift last year kept us in regular infant formula for 9 months.

We did have to buy special formula during that time—formula designed for kids with problems.  
But normal kids with no allergies—yes!

Please help us to do it again this year.

Please send your gift to:

Eastside Church of Christ  
5905 Flintridge Drive  
Colorado Springs, CO 80918

Thank you!
