$\$75 \times 34 = \$2,550.$

And -- ten other children received only partial support -- \$25 - \$50 instead of \$75.

Shortfall -- about \$3000 per month.

Reserves are gone. Credit used up. Unpaid school fees and electricity bills make quite a heap.

We knew we were sinking, but could not figure out which kids needed new donors until Wanda Spears took charge of our USA financial records last November. We are still working on things, so . . . *If you **are** sending money for one of these children, let us know and we will correct the record.*

If you want to help one or more of these kids, or if you can help pay bills, please make your gift to College Church of Christ, note what it is for, and send it to

A BIG thank you!

Roy and Kathi Merritt

NOTE:

**Yes! We have now received a full sponsorship for George Muntanga.
33 full sponsorships and 10 partial ones to go.**

We have changed our USA address.

Some gifts and correspondence still come to us through Doris Garner. Doris is not well, and asked that we find another person to take care of our accounts.

Please use Wanda Spears now. Her address is:
